I know that when we have had a protective tariff we have had prosperity, and that when we have been without such a Painting is always expen- tariff we have had business depression sive and you want to have it and financial distress. Our Democratic friends talk a good deal about the special interests that have been fostered by a protective tariff. This is greatly exaggerated, but suppose what they say is true. While and saving a trifle in the be- these interests have been growing up hundreds of thousands of laboring men have had employment which they would not have had without a protective tariff. Every laboring man who votes for a party pledged to strike down the tariff, votes to paralyze the industries of the country, and reduce the wage earners in our manufacturing establishments to idleness and want.

I refer to the foregoing facts to show that the republican party has been true to the best interests of the country, and that democratic policies, if they had prevailed, would have been disastrous to those interests. Political history cannot be ignored in a political contest. Men

All republicans ought to be proud of the history of their party, and be united and zealous to maintain its integrity and ascendency. I tell you that the same old banner that was carried by Abraham Lincoln and may desire to worship there. the republican party 45 years ago is the same banner, weather beaten and battle scarred though it may be, that Theodore Roosevelt and the republican party now carry. If the republicans of Oregon follow that banner next Monday, it will lead them to a glorious

The Effect of Changing the Local Option Law

## MEANS ABSOLUTE RUM RULE

OF THE LIQUOR DEALERS' AMENDMENT CARRIES SALOONS AND DIVES WILL HAVE IT ALL THEIR OWN WAY IN OREGON.

## Have You Read the Bill?

Have you read the bill? No.

Will you be deceived if you don't? Yes,

Who prepared it? The Wholesale Liquor Dealers? Association. Is it an amendment? No; it is substitute.

What does it give us? A law nullifying wholly the existing law, carried by over 2000 majority of the voters of Oregon, and protected by the last Legislature in the Jaynes bill. Taxation without representation. Counties must pay for the lawlessness of men and women quartered in liquor precincts. It provides for the counting of all blank votes for the liquor interests. Ten votes for liquor will offset fifty votes for temperance.

How! If in a precinct having one hundred votes, fifty should vote for prohibition and ten against, the ten would win the election under the proposed amendment, blank votes to be counted for the saloon.

Is this American? No, because the pride of America is majority rule, and it the basis of American liberty.

Does it favor one-man rule? Yes, the County Judge is given full and final

jurisdiction to hear and determine the merits of all proceedings.

What if he is a whisky judge? What penalty is provided for offenses! The fine may be nothing, or \$5, \$10. or whatever the judge may decide. It would be cheaper to pay fines than license. Where's your revenue to build sidewalks? A saloon could open up anywhere

and pay fines, regardless of license, Do you want whisky rule for Oregon? Guess not.

Then vote against the amendment. Put your mark like this
